

DON D. WALTER
ARCHITECT

DON D. WALTER

ARCHITECT

Since 1978, Don D. Walter, Architect has provided architecture, land planning, graphics, interior architecture, landscape architecture, project management, project inspection, and related services. We provide experienced and knowledgeable design expertise for a diverse variety of domestic and international clients; initial programming through schematic design, design development to construction documents, and construction administration.

Project types include office buildings, corporate headquarters, municipal buildings, government buildings, health care and medical facilities, educational facilities, hospitality/hotels, restaurants, retail facilities, service centers, automotive facilities, manufacturing facilities, housing, industrial facilities, and offshore projects. Firm members are registered to practice architecture in numerous states and are affiliated with the American Institute of Architects, Texas Society of Architects, National Fire Protection Association, and National Council of Architectural Registration Boards.
